Kentucky Community Crisis Response Board

August 2018

## Executive Director Message

FY18 marked my 9<sup>th</sup> year serving the Commonwealth and KCCRT as the Executive Director and as in years past, I am continuously amazed by the incredible work this team is able to accomplish. When our communities needed us, we responded providing timely and effective crisis response services. Unfortunately, there were numerous critical incidents impacting our commonwealth for which the KCCRT was requested. KCCRT responded to multiple line of duty death and injury incidents affecting law enforcement, fire, EMS and dispatch communities. Our team members also responded to two different incidents involving the death of students where services were provided to the schools, communities and first responders. These and many more tragic events that have touched so many in the Commonwealth over the past fiscal year have been made a little more tolerable by the incredible response services KCCRT members have provided. Thank you for your generosity with your time, compassion and selfless caring.

Make plans now to attend the 2019 Annual Team Training. The planning committee has reviewed your feedback and has been working on a great program!

The speakers we have secured have a tremendous amount of knowledge and experience. As of now we have a speaker from the FBI; a LCSW and first responder spouse; a school shooting survivor; a first responder with a significant critical incident; and, two school psychologists experienced in traumatic school incidents. And that is just for Saturday's session!

Continue watching the KCCRT Facebook Group Page, emails and the newsletters for more information.

**When: April 12—13, 2019**  
**Where: Capital Plaza Hotel—Frankfort**

### *KCCRB Online Training*

Earlier this month a new online training system was introduced to the volunteers. The new site, mycourse.com, have the following benefits:

- ☐ User friendly
- ☐ Easily track your own transcripts
- ☐ Allows for video and/or audio
- ☐ Collects your feedback

Currently only two (2) trainings have been loaded. The previous online courses are being reviewed and will be added at a later date. Also, new courses are being considered to allow more options for renewal hours.
